First of all the staff at JC Resorts are exceptional. Friendly, welcoming and extremely proficient. Unit 102 is spotlessly clean, has very comfortable beds and everything you need. The balcony furniture/loungers are particularly relaxing. We will definitely return

We have been coming to the Hamilton House Resort for 12-15 yrs now and we love it there. The entire front desk staff were efficient, courteous and pleasant at the Sand Dollar check-in for HH. The head of Sand Dollar housekeeping replaced some kitchen equipment for us right away after we requested it. They take good care of us while we stay there. See you all again next year!

Our vacation at the Hamilton House Resort was a perfect winter get-a-way this year. Beautiful beach, great view of the Gulf of Mexico and very easy access to explore the surrounding area. Good food within walking distance of our resort! This was our 4th year coming to this area and we really like it and recommend that you try it.

CRAIG and JILL from Fredericton, New Brunswick. This was an amazing family vacation spot. The condo was very clean, had comfortable beds, kitchen was well equipped, great master bedroom and a very spacious balcony to either sit out on or dine, allowing you to enjoy the breath-taking views of the ocean and sunsets. It has easy access to the white sandy beach and all the equipment you need to enjoy a day on the beach. The condo is in a great quiet location that is close to grocery stores, restaurants and other amenities that you may require. The rental company was very friendly and helpful. We will definitely be back!
