We have stayed with JC Resort Vacation Rentals for 25+ years! Staff was very quick to respond to our concerns-very helpful & friendly. Cleaning team did a great job and we appreciate having Housekeepers available. We had appliance issues and part for stove had to be ordered which left us without for 3/4 of our stay. We were disappointed, however we did book our stay for 2020. Will look forward to updating this condo. We will be back!

We had an issue with very noisy construction in the Vacation rental above us. While we would have preferred a quitter stay. The Staff did act on our complaint, ultimately leaving us with a positive experience. We would recommend to friends. The property met our expectations. However, suggest: Would be a positive change for a smoke free property. Neighboring vacation rentals smoked on patios.

**Enjoyed our stay! Great family friendly property!**

We have rented condos along the Gulf over the past 30 years. This unit was one of the best and was a great experience.
