The team members at the resort are helpful and courteous. We got into our condo soon after we arrived. The view is perfect, the beach is nice and usually the condos are great but this last time SD105 could have been cleaned better and I suggested that the carpets be steamed cleaned. We will return for another stay.

Overall experience nice at Sand Dollar!

Our first time staying at the Sand Dollar was nice and the friendly staff made us feel welcome. The property met our expectations. During our stay we needed a doctor and the front desk was very swift to recommend one for us close to the resort.

We would recommend the Sand Dollar Resort to a friend.

We have been coming here for 20 years. The staff are very efficient and friendly. the condos are very comfortable and the view of the Gulf of Mexico is so beautiful. Very relaxing. We suggested to the owner to stock the kitchen with more Tupperware, pot holders and not so much glass. Condo could use more updating.

Everything is good at the Sand Dollar and if it isn't they will fix it right away. Our friends from Scotland came back again this year and they wish they lived closer so they could come more often. We always have a good time.

I love my condo, Sand Dollar 105!

Hello All, I am here for the winter and it has been a beautiful January. What great weather. Have been making little changes with new bed for the 3rd bedroom and removing the foyer door in favor of an arch and a little painting. I am also happy to report my kitchen is fully equipped and have added some new area rugs. What fun! If ever you need something, please just let the front desk know and will do my best to provide. Thank you!

Great experience

Very satisfied with complex - would like more kitchen tools. Condo is very dated; updates would be nice.

I feel that returning vacationers should have priority for their room the next year if they are going to return. We have been here 8 years and are returning again next year and the years to come.

Great place to stay!! Awesome people at the front desk!! Thanks, Steve

Excellent!
